**RESPONSE TO RESTRICTION REQUIREMENT**

MS Amendment  
Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Dear Sir:

In response to the Office Action dated January 31, 2006, applicants hereby elect Group I, claims 1-35, 48-50, drawn to an organic fuel cell, classified in Class 429, subclass 12. The election between Groups I, II and III, is made without traverse. Applicants reserve the right to file divisional applications directed to Groups II and III.

In response to the election of species, applicants further elect the species identified as I-2, claims 17-23.

The latter election between species is made with traverse, on the grounds that while the claims are patentably distinct, the office action fails to meet the requirements of MPEP § 806.04(f), for election of species. Accordingly, it is requested that all of claims 1-35 and 48-50 be examined.
